DATES FOR YOUR DIARY

3.5.19

Wow! It feels like we've never been away! We hope you all had a fantastic Easter – we have been enjoying hearing all about the exciting activities you got up to!

We welcomed back Mrs Podgers on Wednesday who is with us now until July.

Our focus this week has been on teen numbers . On Wednesday we had 12 adult visitors to see how good we are at Maths and the children were amazing! The visitors were very impressed!!!

We have fully embraced all things minibeasts! We are learning the technical names for groups of minibeast eg insects, crustaceans, arachnids etc and some of their features.

We have our own collection of spiders, snails, worms and we have even found ladybird eggs which we are waiting to see hatch.

Mrs Roddy and EYFS team
