

A big picture of the Curriculum

What is our <u>intention</u> for the Curriculum?			
Mission	<p>“Memory is the residue of thought.” Every child achieves their full potential and accesses an ambitious and coherent Curriculum that leads to deep learning and an understanding of the World.</p>		
Aims	Successful Learners	Confident Individuals	Responsible Citizens
Values	Resilience, Pride and Respect		
Curriculum	<p><u>Core knowledge and understanding</u> e.g excellent general, subject, social and cultural knowledge</p>	<p><u>Skills and competences</u> Essential skills: literacy, numeracy, ICT, personal, social, emotional, learning and thinking skills, physical, moral,</p>	<p><u>Attitudes, attributes and dispositions</u> Independence Concentration Courage Love of learning Enthusiasm Optimism Tolerance Teamwork Kindness</p>

Computing Intent:

Every child will be a MASTER of technology and not a slave to it. Technology is everywhere and will play a pivotal part in students' lives. Therefore, we want to model and educate our pupils on how to use technology positively, responsibly, and safely. We want our pupils to be creators not consumers and our broad curriculum encompassing computer science, information technology and digital literacy reflects this.

Children’s computing learning will be enriched by access to a range of equipment including yearly equipment from the trust, and opportunities for extracurricular enhancement of computing through a Minecraft lunchtime club and lunch time Code Club.
