RE Intent:

Every child will be taught an RE curriculum that will engage pupils in enquiring into and exploring questions arising from religions and beliefs. The RE curriculum is designed to ensure all children become responsible citizens showing acceptance, kindness and tolerance to those different to themselves. In our local area is not diverse, this means that it is vital all children are exposed to unbiased viewpoints, beliefs and concepts so that they gain awareness and understanding. This will help to equip them for the wider, diverse world outside of our local area.

Children’s RE learning will be enriched by yearly trips to places of worship or visits from people who will share their religion and beliefs. Leighfield has a cultural calendar, highlighting festivals and celebrations throughout each year.
